LEGISLATIVE RELEASES

August 18, 2011 FOR IMMEDIATE RELEASE WASHINGTON, DC – Joseph A. Beaudoin, President of the National Active and Retired Federal Employees Association (NARFE), released the following statement today in response to a proposal to remove health and retirement benefits of U.S. postal workers:

"Like many Americans, I am concerned about the financial straits of the U.S. Postal Service. I am also deeply troubled by attempts to plow through these challenges by taking away the proven and stable employment benefits that our postal workers earned. Removing the federal health and retirement benefits of our postal workers will undermine the vital service they provide to our nation's infrastructure – this is no way to manage an already struggling American enterprise."

August 2, 2011 FOR IMMEDIATE RELEASE August 2, 2011 WASHINGTON, DC – Following the passage of a debt-ceiling agreement by both houses of Congress, National Active and Retired Federal Employees Association President Joseph A. Beaudoin released the following statement:

"On behalf of our nation's more than four million federal workers and retirees and the Americans they serve, it is a great relief that a deal has been reached to keep the government moving forward. There is also temporary relief in the news that, so far, no sweeping plans have been enacted that would weaken our federal workers' retirement and health benefits.

"Unfortunately, the nearly \$1 trillion in spending reductions across federal agencies will be a challenge to absorb, and once again federal workers will get the chance to demonstrate their skill at doing more with less. As the debt negotiations continue through the end of the year, I hope our leaders continue to recognize the value of our nation's federal workforce and the sacrifices they are undertaking to get our country back on solid financial ground."
