June Meeting - We met at the Plum Creek United Methodist Church near Osawatomie. President McCoy showed slides of he and Helen Morrison's trip to Padre Island and Mexico earlier in the year. The Federal Budget contains no cuts in Federal retirement or health care. The President has called on Congress to pass comprehensive health care legislation which could affect our health care benefits. It also opens an opportunity to hook premium conversion on which might slip through. This would save the average federal worker \$820 a year. John Surritte sent copies of a letter he sent to the House and Senate and got on board with the House on Premium Conversion. A thank you note was sent fo supporting us on Premium Conversion and giving us GPO/WEP repeal support.

Sunshine - We continue to remember the Folkens and Darline Laws and any others we are not aware of.

Next Meeting - July 14, 2009, 6:00 p.m. at the United Methodist Church, 504 Pacific, Osawatomie. Callers should turn in the names of those they are making reservations for to Elnora Henness, 913-755-3568, by Saturday July 11. Be sure to make a reservation if you plan to attend. If you make a reservation and do not attend you will be expected to pay for the meal.

Legislation - We hope each of you took the opportunity to contact your Representative and two Senators regarding the Federal and Military Retiree Health Care Equity Act, H.R. 1203 and S.491.

The CPI-W increased 0.4% in May. On June 17 it was 208.7 for May. May's index 208.7 is 1.9% higher than the December index of 204.8.

A bill has been introduced and recommended that the federal civil service annuity calculation be based on the highest 5 years of salary instead of high 3 years and it was also recommended the annuitant could not retire until age 62. Also, that income tax be paid by you on the part of the health insurance now paid by the government. NARFE HQ is working to set up a means for current feds to use the NARFE Web site to contact their members of Congress to protest this proposal.

The August NARFE magazine will contain a sample ballot for NARFE Dues Referendum. Headquarters expects the sample ballot to stimulate discussion about the issue at NARFE chapter meetings.

The amendment that would have allowed federal agencies to re-employ federal retirees on a limited, part-time basis without offset of annuity was sidetracked. Also, this amendment would have allowed FERS participants to credit their unused sick leave toward retirement.

The President signed the Family Smoking Prevention and Tobacco Control Act on June 22 which requires newly hired federal employees be automatically enrolled in the Thrift Savings Plan and be eligible to receive an immediate contribution from their employing agency. It also gives the Federal Retirement Thrift Investment Board authority to add a Roth type option which would allow participants to make after-tax contributions to TSP accounts and withdraw their earnings tax-free upon retirement. It also authorizes the Board to allow participants to invest their accounts in mutual funds outside those currently offered by the TSP.

Grass Roots Advocacy Month is coming up August 1 through September 7. Each member should make an effort to make contact with their members of Congress either by writing or calling their Representative and two Senators during the month. This should remind them of the significant numbers of federal worker and annuitant activists who live in their district.
